

Session	Name	#	Title
Food safety	CHARLOTTE MUPFUNYA	P1	Antimicrobial use practices and resistance in indicator bacteria in communal cattle in Mnisi, Mpumalanga.
Food safety	Loandi Richter	P2	Microbiological quality, safety and prevalence of antimicrobial resistance in isolates from commonly consumed fresh vegetables sold at two farmer's markets in Gauteng, South Africa
Food safety	Degracious Kgoale	P3	Microbial quality and prevalence of <i>Escherichia coli</i> , <i>Salmonella</i> spp., <i>Listeria</i> spp. and Extended Spectrum Beta Lactamase-producing Enterobacteriaceae on <i>Brassica rapa</i> L. subsp. <i>Chinensis</i> from small scale farming to retailers
Food safety	Muneiswa Ratsihilingano	P4	Evaluation of the microbiological quality, prevalence of Extended Spectrum $\beta$ -Lactamase-producing Enterobacteriaceae, <i>Salmonella</i> spp. and <i>Listeria monocytogenes</i> on <i>Spinacia oleracea</i> L. (spinach) and <i>Lactuca sativa</i> L. (lettuce) from commercial farms to re
Food safety	Stacey Duvenage	P5	Microbial ecology and food safety of spinach sold from formal and informal traders
Food safety	Mologadi Mabotja	P6	Antibacterial activity of selected spineless cultivars of <i>Opuntia ficus indica</i> against food pathogens
Food safety	Trust Pfuikwa	P7	The potential of fruit by-products as natural preservatives to enhance food quality and safety
Food safety	Vuyisa Sigwela	P8	Extraction, characterization and application of betalains from beetroot, cactus pear and amaranth for food safety
Food safety	Hema Kesa	P9	Food safety and hygiene practices of food handlers in schools
Food safety	Ennet Moholisa	P10	Consumer food safety knowledge, handling and practices of meat and meat products: Agricultural Research Council case study
Food safety	Sphephile Zwane	P11	Food safety knowledge, attitudes and practices of street vendors in Tshwane towards fresh produce
Food safety	Juma Mfaume	P12	Determination of aflatoxin in groundnut kernel in Southern region of Mtwara, Tanzania
Food safety	Annah Mahlangu	P13	Seed-borne mycoflora and mycotoxins associated with farm-saved dry bean seeds stored by subsistence farmers in the Okhahlamba District, KwaZulu Natal
Food safety	Pranitha Dawlal	P14	Visualization and quantification of fumonisins bound by lactic acid bacteria isolates from traditional African maize-based fermented cereals, ogi and mahewu
Food safety	Matthew Stasiewicz	P15	Single-Kernel Detection and Distribution of Mycotoxins in Corn: Foundations for High-Throughput Sorting
Food security	Nhlakanipho Qwabe .	P16	The impact of indigenous vegetables on food safety and security
Food security	Obert Chikwanha	P17	Effect of dietary red grape pomace on the oxidative stability and microbial quality of retail lamb meat
Food security	Eunice Akuru	P18	Effect of cowpea meal on growth traits, carcass and organ characteristics and haematological indices of weaner rabbits
Food security	Sindisile Goni	P19	A review of the importance of sex determination and sex ratio manipulation in animals for improved food supply
Food security	Morris Aloysius	P20	Anti-Diabetic Effect of Unripe Plantain Extract ( <i>Musa paradisiaca</i> ) on Alloxan Induced Albino Rats
Food security	Morris Aloysius	P21	Anti-Hyperglycaemic Effect of Aqueous Extract of Okra ( <i>Abelmoschus esculentus</i> ) Seeds on Alloxan Induced Albino Rats
Food security	Yvonne Maila	P22	Optimisation of proanthocyanidins in <i>Cleome gynandra</i> harvested at various physiological stages under controlled conditions
Food security	Matia Mukama	P23	Energy usage of forced air precooling of pomegranate fruit inside ventilated cartons
Food security	Phathuxolo Doyi	P24	Adaptive Strategies Employed by Citrus Farmers to Mitigate Climate Variability in Raymond Mhlaba Municipality.
Food security	Avhurengwi Mathelemuse	P25	Screening potato varieties for <i>Alternaria</i> species tolerance ( <i>Alternaria alternata</i> )
Food security	Evans Boadu	P26	"Operation feed yourself": Unpacking the nexus between youth participation in agriculture and food security in sub-Saharan Africa. The case of Ghana.
Food security	Modiehi Sedibe	P27	ASSESSMENT OF FOOD ACCESSIBILITY OF INFORMALLY SETTLED HOUSEHOLDS IN PRETORIA WEST USING THE HOUSEHOLD FOOD INSECURITY ACCESS SCALE
Food security	Nicholas Igiehon	P28	Food Security Accomplishment: The Roles of Microbial Inoculants
Food security	Chika Oyeagu	P29	Haematological and Biochemical Indices of West African Dwarf Sheep Fed Diets Containing Yeast ( <i>Saccharomyces Cerevisiae</i> ) and Grass and Grass/Legume (50:50) and Legume
